Hi Counselor Smith,

Just to recap: I asked you yesterday for my administrative remedy log of requests and you said I cannot access it. I've had issues with my previously submitted administrative remedy forms for several months now and it seems I cannot get anyone to confirm when something is received and how much longer to wait. I also asked you for a BP-10 and a BP-11 yesterday and you did not have any available. I have put in all of the administrative remedy requests already regarding the sentencing miscalculation. Pursuant to 18 U.S.C. Sec. 3585, the BOP is required to apply my 512 days served on the related offense conduct: 8/9/2019 state of Texas attempted kidnapping, and the 550 days served on the state of Texas tampering offense (sentenced on January 5, 2021). My federal offenses in 2:21-cr-00293-SB (DMGx) have an offense date of June 2019. The statutory language makes it mandatory that, because the sentencing court did not apply the time served on these state offenses as credit against any other offense, the BOP must apply the credit. I have been asking for the credit for over a year now, and filed the district court case in September 2023. The unit team manager, Ms. Giery, was aware of this issue (I was under SIS investigation after being assaulted so I was housed in the SHU from December 2022 until late April 2023) and she helped me send out the BP-9 and 10 around the beginning of this year.

Is there anything you can do to re-calculate my sentence within the BOP at your level? Will you please review my presentencing report with me and the statute, 18 USC 3585, as well as any other relevant BOP program statements to assist me with recalculation of my sentence because my attorney had promised me that the BOP has to apply this time served in the state court. The sentencing court stated the attempted kidnapping is relevant conduct to the instant federal offenses and neither the attempted kidnapping nor the tampering was credited against any other offense. I was supposed to already be out by Summer 2023 and I've been steadily trying to get the BOP and anyone in my unit team to work with me.

I really appreciate your time and assistance with this issue. Please let me know what my options are. I will print this copout as well after forwarding it to the Warden because you don't have access to any administrative remedy forms so I can't really send him a BP-9 unless writing it as a copout.

Thank you

/s/ Mahsa Parviz

Dear Warden Barron,

Please be advised that today, 10/28/2023, I mailed via USPS mail, a copy of the petition and all recent filings in Cause No. 2:23-cv-10407-JHC-DWC in the Western District of Washington to you at P.O. Box 13901, Seattle, WA 98198.

A response by the US Habeas Attorney should be filed within 60 days from the date the petition is filed. After the 60 day deadline, the Court generally enters an order directing the BOP to calculate the time-credits within 20 days. I have 512 days of credit and, at this time, approximately 275 days of FSA time credits, which means I have exceeded my release date.

Will the BOP please expedite the calculation and effect my release?

Sincerely,

/s/ Mahsa Parviz
